BUILD PUMPS, COMPRESSORS PRESSES
FOR GES, CANAL PROJECTS

FILL ORDER FOR CENTRIFUGAL PUMPS -- Tbilisi, Zarya Vostoka, 29 Mar 51

The Tiraspol' Machinery Plant imeni Kirov has produced a number of centrifugal pumps for the Kuybyshev GES construction project. The plant is now working on an order from the Main Turkmen Canal builders for ten internal-combustion motors and five pumps.

PRODUCE HEAVY VERTICAL PUMPS -- Moscow, Izvestiya, 25 May 51

The Sysert' Hydraulic Machinery Plant is producing heavy vertical pumps for the Volga-Don Canal project.

BIG PUMPS TO MOVE WATER IN SLUICES -- Frunze, Sovetskaya Kirgiziya, 27 May 51

The metal structures shop of the Sverdlovsk Uralmash Plant has completed the housings for two powerful centrifugal pumps destined for the Tsimlyansk GES. The first complete pump will be assembled and sent to the GES in June. The pumps are to be used for water transfer in the sluices. Each pump is capable of moving tens of thousands of cubic meters of water per hour.

STEAM PUMPS AMONG RECENT SHIPMENTS -- Moscow, Komsomol'skaya Pravda, 19 May 51

The Gorodets Machinery Plant of the Ministry of the River Fleet recently received an order for several machines from the Stalingrad and Kuybyshev GES projects. The plant has already sent the great construction projects three steam-powered dynamos, two steam-mechanical pumps having a productivity of 58 cubic meters per hour, and two reversing clutches for ChTZ [Chelyabinsk Tractor Plant?] motors.

COMPRESSORS GO TO CANAL SITE -- Kishinev, Sovetskaya Moldaviya, 15 May 51

The Melitopol' Pump and Compressor Plant has shipped its first consignment of compressors to the site of the Volga-Don Canal.

FILL ORDERS EARLY -- Moscow, Vechernyaya Moskva, 27 Mar 51

The Plant imeni Malenkov recently completed some large gate valves for pipe lines at the Kuybyshev and Stalingrad GES projects.

Extensive work is going on toward renovation of the foundry. A special molding machine has been installed and a conveyer line is being set up. All orders for the great construction projects are being fulfilled at the plant ahead of time.

BOILERMAKERS SHIP STORAGE TANKS -- Kiev, Pravda Ukrainy, 25 Mar 51

The Dneprodzerzhinsk Welded-Boiler Plant has sent a number of metal storage tanks to the site of the Volga-Don Canal.

BUILD PRESSES FOR CANAL PROJECT -- Chkalov, Chkalovskaya Kommuna, 26 May 51

The Chkalov Metallist Plant has begun the production of hydraulic presses for the Volga-Don Canal project.

FILL ORDERS FOR SHEARS, PRESSES -- Alma-Ata, Kazakhstanskaya Pravda, 22 Mar 51

The Chimkent Press and Automatics Plant recently filled an order from the Tsimlyansk GES project for a large pair of alligator shears for cutting steel sheets and bars. The machine was completed in half the scheduled time.

In even shorter time, the plant built a 160-ton press for the Volga-Don Canal project. Recently, it sent the canal builders a 300-ton press.

The plant is presently working on another pair of alligator shears for the Tsimlyansk GES project.

Moscow, Komsomol'skaya Pravda, 13 Apr 51

The alligator shears built at the Chimkent Press and Automatics Plant imeni Kalinin can cut steel rails and girders. The machines weigh 12 tons.
